Richard

This is a large info and document request that includes several years' worth of work that EPA has received previously.. I suggest that EPA scour their records and come back to us with any gap request.

Subject: NY/NJ HEP: NYCDEP LTCP & MS4 Projects - Technical Documentation Request.

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders or unexpected emails.

Ms. Allen

I am EPA's NY-NJ Harbor & Estuary Program (HEP) coordinator and a member of HEP's Water Quality Workgroup, therefore I am interested in supporting and understanding NYCDEP's and NYSDEC's progress in advancing NYC's CSO LTCP & MS4 programs

I have been referred by my R2 colleague Stanley Stephansen that you were the appropriate contact to obtain the following technical information:

1. Technical Basis for their selection of Hydrologic Conditions (i.e. magnitude, intensity, duration, frequency, etc.) projection conditions used in the CSO LTCP & MS4 plans.
2. Technical water quality modeling documents – that backup their LTCP & MS4 plans
3. Technical document that details the basis of selecting 2040 as the year to evaluate Percent Attainment.

(I recently attended a Newtown Creek CAG meeting where LTCP construction completion was shown to be 2029).

4. Bibliography of CSO LTCP & MS4 Technical Documentation & Reports.

If I should route this request differently, please advise.

THANKS.

rick winfield

Subject: RE: NY/NJ HEP: CWRB/DECA NYCDEP LTCP & MS4 Projects - Technical Documentation Request. NYCDEP - P.O.C.

Hi Rick:

Generally, when I seek info pertaining to NYC LTCPs I ask the DEC for the info first. Sometimes they already have it and can email it to me, otherwise they will ask the City for the info.

My DEC contacts for NYC LTCPs are:

Linda Allen - linda.allen@dec.ny.gov (Linda is a contractor who is working with Gary Kline to oversee the NYC LTCP development process.)

Gary Kline – DEC Compliance Chief for NYC - gekline@gw.dec.state.ny.us

I usually try Linda first, then Gary.
